15th September 2020

Dear Parents and Carers,

HOME LEARNING: SEESAW FOR YEARS 1 to 6

Further to my letter last week, I now write to you with further information regarding setting up *Seesaw*. As previously mentioned, *Seesaw* will be used during a school closure to provide daily work, but during normal school operation, it will be used to share work and communicate from time-to-time with parents.

Your child (or children) will be coming home today with a named sheet with a QR code on it. There is a simple 3-step guide to downloading the *Seesaw Class* app and setting up your child. Follow the instructions and your child will be able to access their class. Please do not share the QR codes with anyone else: they are unique for **your** child.

Seesaw Class app logo

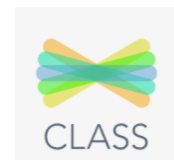

By logging into and using the app, you will be accepting and adhering to the expectations as listed in the *Home Learning Policy*, which is also attached to this letter.

DEVICE LOANS (in the event of a school closure)

We have a limited number of iPads that we are able to loan to families who have no access to a computer, smartphone or tablet device. If you would require a loan of a device in the event of a school closure, please email me at: larkham.t@colehamprimary.co.uk

SEESAW FAMILY APP

Soon, I will be sending you another letter explaining the *Seesaw Family* app. This app allows you to keep track of your child's *Seesaw* work without having to check their device or account. It also means that you can be sent messages from your child's class teacher. Over the next few days, I will be individually sending invitations, via email, for parents to sign in to the *Seesaw Family* app as your previous logins will no longer be active.

If you have any questions, please don't hesitate to call the school or drop me an email.

Yours sincerely,

Mr T Larkham

Deputy Headteacher
