

Inside Out Learning at Coleham School Autumn 2021.

In the first half term the sessions are aimed to encourage children to play, learn and have fun outdoors. The sessions will include shelter building, ground art, simple woodwork and making campfires. There will also be plenty of opportunities for child-initiated play. The sessions will be run by a fully qualified teacher (Level 3 Forest School Leader) and a qualified teaching assistant.

Sessions will be running on a Wednesday.

The session takes place in the conservation area /outdoor classroom please pick your child up at 4.30pm from the front of the school.

Children will need wellies or old trainers, a shower proof/waterproof jacket and waterproof trousers. **(If you can't provide any of the above items please get in touch with me or the school office staff as we have lots of spare kit in lots of sizes).** The children often get quite dirty and we do go out in most weathers, except when it's very windy. Sometimes we have a hot drink like hot chocolate or hot blackcurrant and make things like toast, crumpets and popcorn on the fire, so please let me know of any allergies/intolerances.

Each session costs £5 x 7 weeks, total to pay is = £35

Please go to www.inside-out-learning.co.uk to book your child onto these sessions.

Please email Franky inside-out-learning@outlook.com to find out more.

Best wishes,

Mrs Franky Giani
