Coleham Primary School's Mobile Phone Policy

The purpose and Importance of the Mobile Phone Policy

Coleham Primary School recognises that staff and pupils may need to bring mobile phones to school and/or have access to mobile phones on site during the working day. However, we have a duty to ensure these are used safely in our educational setting.

The concerns around mobile phones are mainly based around these issues:

- The Safeguarding of children
- E-Safety & Bullying via electronic devices
- The inappropriate use of mobile phones, images and recordings
- Protecting individual's personal data
- Staff and pupils being distracted from their work
- The use of mobile phones around children

This policy is consistent with our

- Safeguarding and Child Protection policy
- E-Safety policy
- Data Protection Policy

Ensuring the Safe and Appropriate Use of Mobile Phones

Coleham Primary School allows staff to bring in mobile phones for their own personal use. However, they must be kept away from children at all times (e.g. in a locked drawer, in bag in locked staffroom etc) and are not allowed to be used in the classrooms (when children are present), toilets or in the play areas at any time. All mobile phones should be switched onto silent or turned off during teaching time.

Any private calls or texts may be made during break times in 'Child-free Zones' such as the staffroom, PPA room or offices. It is advisable therefore to ensure that anyone needing to contact staff in an emergency has the school telephone number. If staff need to make an emergency call, they must do so in a 'Child-free zone' at the discretion of the head teacher or a member of the Senior Leadership Team. If staff fail to follow this guidance, this should be reported to the head teacher, who will decide if disciplinary action should be taken, in accordance with Coleham Primary school's staff code of conduct.

Staff must ensure that there is no inappropriate or illegal content on the device.

Personal mobile phones (staff and visitors) may not be used to take photographs anywhere within the school building or grounds. iPads available within the school and only these school owned devices should be used to take photographs and recordings in line with the school consent procedures.

Members of staff must not contact a parent/carer on their personal mobile phones.

The Caretaker and Business Manager work out of hours and are as such required to carry and use their personal mobile phones on the premises for health & safety and building maintenance work. They should not take pictures or recordings of children on their personal devices.

School owned Mobile Phones

School mobile phones are available from the School Office and should be used on school trips, off-site events and After School Club for school business use. Any adults, including staff, helpers, etc, on school trips must not use their personal phone to contact parents/carers in the case of an emergency.

Staff must ensure that there is no inappropriate or illegal content on the device.

Staff should take reasonable precautions for keeping the phone safe as they may contain personal details for individuals.

Use of Mobile Phones for Volunteers and Visitors

Upon their initial visit, volunteers and visitors are given information informing them they are not permitted to use personal mobile phones on the premises where children are present. If they wish to make or take an emergency call they may use one of the school offices or the lobby area, which is not accessed by children during the school day.

Through induction, staff are made aware of and sign our 'acceptable use of technology' policy for use both at home and in the workplace. If any staff or volunteers breach this policy then we will take disciplinary action, which may result in a referral to the Disclosure and Barring Service.

Volunteers or visitors are not permitted to take photographs or recordings of the children on any personal device. They may with the permission of a member of staff take photographs and recordings of the educational activity in line with the school consent procedures. These photographs and recordings are the property of the school and only the school can publish these for promotional purposes in line with the school consent policy and the Data protection Act 2018.
